## Professional Summary

Results-driven Full Stack Developer with over a year of hands-on experience designing and developing scalable web and mobile applications. Skilled in building performant UIs with React and React Native, and implementing robust backends with Node.js and MongoDB. Passionate about clean code, collaborative teamwork, and continuous learning.

## Technical Skills

**Frontend:** React.js, Next.js, Tailwind CSS, Material UI, React Native (Expo)

**Backend:** Node.js, Express, MongoDB, Firebase

**Dev Tools:** Git/GitHub, Postman, Vercel, Render

**Other:** REST APIs, JWT Auth, Socket.IO, Responsive Design

## Professional Experience

### Frontend Developer

NdiliaTalent — Remote | 2024 – Present

- Developed fast, responsive UI components for a football talent discovery platform using React and Tailwind CSS.
- Integrated RESTful APIs to enable real-time data interaction and dynamic rendering.
- Improved mobile responsiveness and reduced UI-related bugs by over 40%.
- Collaborated with backend developers to align UI features with API design and user feedback.

### Backend Developer (Intern)

Enugu State Tech Hub — Enugu | 2022 – 2023

- Built and maintained REST APIs using Node.js and Express for internal web applications.
- Implemented secure user authentication with JWT and handled session management.
- Participated in Agile sprints, contributing to architectural design and feature planning.

## Projects

### E-Commerce Platform — Live Demo

- Built product listing, cart, and checkout modules using React and Firebase.
- Integrated user authentication, order management, and real-time updates.

### Ken's Art – Art Marketplace — Live Demo

- Developed a user-friendly art gallery and upload system using Firebase Storage.
- Implemented user signup/login and profile-based uploads.

### LearnerX – LMS Platform — Live Demo

- Created a multi-role education platform with dashboards for learners and instructors.
- Built with Next.js, MongoDB, and responsive design principles.

### Chat-Up – Real-Time Chat App — Live Demo

- Built a Socket.IO-powered chat app supporting chat rooms and message history.

## Education

### B.A. in Statistics

Enugu State University of Science and Technology — 2014 – 2019

### Full Stack Web Development Certification

Coursera (Meta) — 2023

## Certifications & Training

- Meta Backend Developer Professional Certificate (Coursera)
- Firebase for Web Development (YouTube/Docs-based self-learning)
